

TIDY UP WITH OUR SUPER CONSOLIDATION SERVICE

Got super in other funds? We'll help you tidy it up.

Having all your super in one place can save you time, paperwork and money (you'll have only one set of fees to pay).

Our super consolidation service is the easiest way to tidy up and transfer your other super into your Aon Master Trust account. We'll do the hard work for you at **no charge**.

Just email au.consolidation@aon.com with:

- 1 your full name
- 2 the name of your other fund/s and your membership number/s (which you'll find on your other fund statements) and
- 3 your daytime phone number

We'll call you to confirm your details and explain how easy the process is before preparing and posting transfer paperwork to you ready to sign and return to us.

We'll organise the transfer(s) and let you know when it's all done.
