Online update for advisers

November 2004

Aon Master Trust a "Rising Star"

The Aon Master Trust has won SuperRatings' prestigious "Rising Star" award. The award was announced during the gala dinner at the recent Association of Superannuation Funds conference in Adelaide.

Jeff Bresnahan, MD of SuperRatings, said that the award was due recognition of the Trust's progress over the past 12 months, during which it has doubled in size. Steven Gaffney, Director, Superannuation at Aon Consulting, said that the award was a strong endorsement of the Trust's investment performance, processes and product design. The win continues a successful year for the Aon Master Trust, and follows its recent nomination as a finalist in the "Fund of the Year" category (Medium Corporate) at the Personal Investor magazine awards.

Website upgrade

We have recently made some improvements to the Aon Master Trust website www.aonmastertrust.com.au

The home page has a fresh new look and it now contains latest news with "click" options for more information.

As with the old website, advisers have a dedicated page that is accessed via a generic user name (**adviser**) and password (**AMT588**). Note that this is **NOT** the same user name and password that you enter to view your clients' account details online (ebenefits). To view your clients' online account details, click the **light blue panel** then enter your user name and pass word from the ebenefits login page. If you don't have your user name and password, email contactcentre@aon.com.au or call 1300 880 588.

We are presently upgrading our Adviser Guide and this will be included on the adviser page of the website shortly.

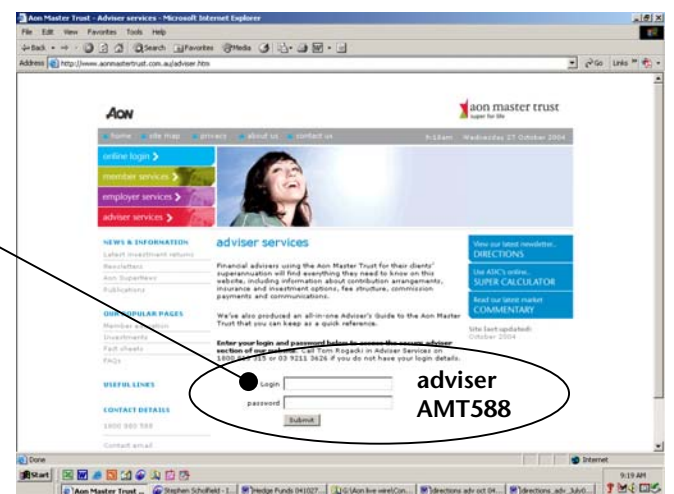

Click here to log onto HR Portal (ebenefits). You'll need your ebenefits user name and password

Click here to go to adviser welcome page (below)

Enter your user name (adviser) and password (AMT588) to go to the dedicated adviser page

Aon Master Trust home page

Adviser home page

We've added two online learning modules to our Member Education page - **Introduction to Superannuation** and **Introduction to Investment**. The modules provide a brief overview of basic superannuation and investment topics using a number of 30-60 second visual "grabs" plus voiceover.

Investment option closures

AMP has decided to close the AMP Australian Shares PST and the AMP International Shares PST. These options are already closed to new investors in the Aon Master Trust and the trustee has now decided to terminate these options. The Tier 2 Australian Share and International Share options have been set as defaults.

With the recent addition of the SSgA index options to the Aon Master Trust Tier 3 range, the trustee has also decided to terminate the Vanguard Tier 3 index options. The SSgA options now become the defaults.

All members affected by these changes will be advised shortly. The letter will include an investment switch form that members should complete if they wish to select an alternative option, otherwise their balance will be transferred to the nominated default for each option. Forms must be returned by 8 December 2004.

Investment profiles online

All the Tier 1, 2 and 3 investment profiles have now been updated for 30 June 2004 and loaded onto the website. In the past, there have been considerable delays in updating the profiles but we have now improved the process and will update all Tier 1 and Tier 2 profiles within 6 to 8 weeks of quarter end and Tier 3 within 12 weeks of quarter end.

More updates coming soon ...

Every few months we upgrade the HR Portal (ebenefits) - our online transaction and information facility. The latest upgrade will be released shortly and we will give you an overview of the main enhancements in the next issue of Directions.

With Choice of Fund just around the corner, we are preparing a guide for employers and employees. It will be on the website shortly.

We are also making some improvements to our adviser support services. The details are still being finalised and will be included in the next issue of Directions. In the meantime, if you have any questions, please call the Client Relationship Manager in your state.
